-----------------	--------

	Goggles for dilution
--	----------------------

	Mask for dilution
--	-------------------

Step by Step cleaning instructions

PLEASE WASH YOUR HANDS BEFORE & AFTER YOUR TASK

Place safety signage around the area to be cleaned

If you are just removing small marks then use the Taski Sprint 200, spray on to a clean cloth and buff to a shine, leaving no smears

For a deep clean use the window cleaning kit and hot soapy water

When task completed remove safety signage only when the entire area is safe and dry
